Connector with 6 outlets.

Architectural light modules must always be switched in series. When these connectors are used, this is done automatically. Because the LED's are connected in series, all outputs on the terminal block should be used. The circuit must be completely closed before the power can be turned on.

Technical specifications:

Product Name	LED spot acc. | divider 6 outlets
Ean	8714984903227
Outer box qty	250st
Type of accessory/spare part	Connection set
Brand	Tronix Lighting
