A unique Tronix light motif characterized by the presence of a neon line. Unlike a traditional light snake, neon ensures that there are no visible LED dots on the motif. The frame of this motif is made of sturdy aluminum, is easy to assemble and can be easily integrated with the Pro System Modular 230V system.

Features

- IP44
- Unique light experience thanks to the presence of neon
- High quality material composition, for long life and ease of use
- Compatible with Pro System Modular 230V and accessories
- Matching light colors in the range of season and party lighting
